DAUGHTERS OF THE CROSS
ST. JOSEPH'S HIGH SCHOOL, MATIGARA
ADMISSION NOTICE FOR CLASS XI (ISC) ACADEMIC YEAR 2026-2027
(For ICSE students only)

Admissions to class XI (ISC) is still open in our school. In keeping with the changing academic scenario and demand for higher education and competitive examinations, the ISC curriculum in our institution has been updated to provide students with varied opportunities and better alignment with national entrance examinations such as CUET.

In the Commerce stream, Business Studies will now be offered in place of commerce, keeping in view the CUET exams for higher studies. Moreover, from this year onwards we are introducing a new subject Entrepreneurship, which familiarizes the students with the CUET patterns.

For students interested towards technology, Computer Science with Python and Java will be available, to help the students with essential programming skills required for higher studies and present day career options.

In Mathematics, students may choose between Applied Mathematics and Pure mathematics, depending on their academic interests and career choice.

The ISC syllabus is now recognized as one of the best competency based curriculum in the country and it helps the students to prepare for all major entrance examinations in different colleges/universities.

Subject Combinations Offered:

<u>SCIENCE</u>	<u>COMMERCE</u>	<u>HUMANITIES</u>
